Accredited Training Programs Under the Asbestos Hazard Emergency Response Act (AHERA)**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** National Directory of AHERA Accredited Courses (NDAAC); notice of availability of new edition.

SUMMARY: Effective February 28, 1995, the EPA is announcing the availability of a new edition of its National Directory of AHERA Accredited Courses (NDAAC). This publication, updated quarterly, provides information to the public about training providers and courses approved for accreditation purposes pursuant to the Asbestos Hazard Emergency Response Act (AHERA). As a nationwide listing of approved asbestos training programs and courses, the NDAAC has replaced the similar listing which was formerly published quarterly by EPA in the **Federal Register**. The February 28, 1995, directory, which supersedes the version released on November 30, 1994, may be ordered through the NDAAC Clearinghouse along with a variety of related reports.

ADDRESSES: Parties interested in receiving a brochure which describes the national directory and provides ordering information should contact: EPA AHERA-NDAAC, c/o VISTA Computer Services, 3rd Floor, 6430 Rockledge Drive, Bethesda, Maryland 20817, Telephone: 1-800-462-6706.

FOR FURTHER INFORMATION CONTACT: Susan B. Hazen, Director, Environmental Assistance Division (7408), Office of Pollution Prevention and Toxics, Environmental Protection Agency, Rm. E-543B, 401 M St., SW., Washington, DC 20460, (202) 554-1404, TDD: (202) 554-0551.

SUPPLEMENTARY INFORMATION: Pursuant to AHERA, as amended by the Asbestos School Hazard Abatement Reauthorization Act (ASHARA), contractors who prepare management plans for schools, inspect for asbestos in schools or public and commercial buildings, or design or conduct response actions with respect to friable asbestos-containing materials in schools or public and commercial buildings, are required to obtain accreditation by completing prescribed training requirements. EPA therefore maintains a current national listing of AHERA-accredited courses and approved training providers so that this information will be readily available to assist the public in accessing these training programs and obtaining the

necessary accreditation. The information is also maintained so that the Agency and approved state accreditation and licensing programs will have a reliable means of identifying and verifying the approval status of training courses and organizations.

Previously, EPA had published this listing in the **Federal Register** on a quarterly basis. The last **Federal Register** listing required by law was published on August 30, 1991. EPA recognized the need to continue publication of this document even though the legislative mandate had expired. The NDAAC fulfills the public need for this information while at the same time, it reduces EPA cost and improves the service's capabilities.

FEDERAL MARITIME COMMISSION**Intent to Cancel Tariffs of Common Carriers by Water and To Suspend Licenses of Ocean Freight Forwarders for Failure To File Anti-Rebate Certifications**

Notice is given that the Federal Maritime Commission ("Commission") intends to cancel the tariffs of certain common carriers and suspend the licenses of certain licensed ocean freight forwarders who have failed to file the Anti-Rebate Certification required by section 15 of the Shipping Act of 1984, 46 U.S.C. app. 1714. The common carriers by water and ocean freight forwarders shown in Parts A, B and C respectively on the attached lists have not timely filed with the Commission the Anti-Rebate Certification which was due on or before December 31, 1994. The Commission's regulations at 46 CFR 582.1(a) and 582.3(a) require every common carrier by water and ocean freight forwarder in the foreign commerce of the United States to file an Anti-Rebate Certification by December 31 of each even numbered calendar year.

The firms listed in Parts A, B and C were notified by certified mail dated and mailed on February 21, 1995, that, if within 45 days of the date of such notice, they have not either filed an Anti-Rebate Certification or established

that it had been filed, their tariffs would be cancelled in accordance with 46 CFR 514.1(c)(1)(iii)(C) and their licenses would be suspended in accordance with 46 CFR 510.16(a)(6). The license suspension shall remain in effect until such time as the license is reinstated by the Commission after an Anti-Rebate Certification is filed.

Firms filing the Anti-Rebate Certification during the 45-day notice period will not have their tariffs cancelled or licenses suspended, however these firms may be subject to a civil penalty of up to \$5,000 for each day the firm is in violation.

BILLING CODE 6730-01-M

FEDERAL RESERVE SYSTEM

Consumer Advisory Council; Notice of Meeting of Consumer Advisory Council

The Consumer Advisory Council will meet on Thursday, March 23, 1995. The meeting, which will be open to public observation, will take place in Terrace Room E of the Martin Building. The meeting is expected to begin at 9:00 a.m.

and to continue until 4:00 p.m., with a lunch break from 1:00 p.m. until 2:00 p.m. The Martin Building is located on C Street, Northwest, between 20th and 21st Streets in Washington, D.C.

The Council's function is to advise the Board on the exercise of the Board's responsibilities under the Consumer Credit Protection Act and on other matters on which the Board seeks its advice. Time permitting, the Council will discuss the following topics:

Community Reinvestment Act Reform. Discussion led by the Bank Regulation Committee on the implementation of the interagency proposal to revise regulations implementing the Community Reinvestment Act.

Consumer Leasing Disclosures. Discussion led by the Consumer Credit Committee on whether and how the Board should amend Regulation M (Consumer Leasing) to address technological and other developments in the leasing industry and to simplify compliance and reduce burdens without diminishing consumer protections.

Regulatory Coverage for Stored-Value Cards. Discussion led by the Depository and Delivery Systems Committee on whether and how the Board should amend Regulation E (Electronic Fund Transfers) to govern technologically advanced electronic products, such as smart cards, prepaid cards, and electronic purses.

Waiver of Consumer's Right of Rescission for Certain Loans. Update by the Consumer Credit Committee on its work in providing timely Council input to the Board on the issue of consumer waivers of the right to rescind certain mortgage transactions under Regulation Z (Truth in Lending). (This issue will be the subject of a March 1995 Board report to the Congress.)

Sale of Uninsured Investment Vehicles by Depository Institutions. Discussion led by the Depository and Delivery Systems Committee of nonregulatory actions by the Board to address consumers' information needs about uninsured investment products offered by depository institutions.
